Summary

I am a full-stack software engineer with expertise in React, TypeScript, Java, Spring Boot, and database management with PostgreSQL and MySQL. I have a fervor for building applications that aren't just functional but also carry an element of sophistication. Seeking opportunities to contribute my skills and enthusiasm to innovative projects.

Skills

Front End: JavaScript ES6, React, TypeScript, React Hooks, Redux, jQuery, HTML5, CSS3
Back End: Java, Spring Boot, Hibernate, Node.js, Express, PostgreSQL, MySQL
Additional Tools: Mocha, Chai, Junit, Jasmine, Karma, Webpack, Git, GitHub, Heroku, Enzyme
Additional Skills: RESTful APIs, Unit testing, Algorithms, Data structures

Recent Projects

Library App
- Engineered a full-stack, user-centric library system using React, TypeScript, Spring Boot, PostgreSQL, and Okta authentication, streamlining book selection and borrowing for an enhanced user experience.
- Implemented a streamlined checkout process using Stripe API.
- Established a seamless communication channel between users and administrators, enhancing user satisfaction through efficient issue resolution and prompt responses.
- **Technology: React, TypeScript, Spring Boot, PostgreSQL, Bootstrap, Okta API, Stripe API**

Recipe Search
- The application empowers users to effortlessly search for recipes using the name of the dish or the ingredients they have on hand, simplifying meal planning.
- Seamlessly melded data from two disparate APIs to provide users with a comprehensive and diverse recipe library, expanding their culinary horizons.
- Conceptualized and built the project in just three days without assistance.
- **Technology: HTML, CSS, JavaScript, jQuery.**

Experience

Thinkful   July 2023 – Current
Engineering Flex
- Learned industry best practices and practical software development standards with a focus on HTML5, CSS3, JavaScript, Node.js, React, Redux, jQuery and Algorithms and data structures.
- Created and deployed mobile-first applications while learning new languages and frameworks by collaborating several hours every week with a senior web developer.

CVS Pharmacy   Garland, TX
Shift Supervisor   01/2020 – Current
- Collaborated with other shift supervisors and managers to identify and implement process improvements, resulting in increased efficiency and productivity.
- Proactively identified and resolved customer issues and complaints, resulting in increased customer satisfaction and loyalty.

Education

Colorado Technical University
Bachelor of Science in Computer Science   Feb 2023 – Current
Atlantic Cape Community College
Associate in Science, Computer Information Systems   Jan 2016 – Dec 2019
